

THE BASKETBALL INSTITUTE

2011 SPRING HOOP CLINICS

The Basketball Institute has created a safe and respectful learning environment that will optimize each athletes skill development in the sport of basketball. The spring hoop clinics are designed for high school boys and girls that would like to improve their basketball skills and athletic potential. As coaches we understand the importance of perfect practice. Our unique clinics promote learning through a number of different avenues that enhance self-esteem, teach athletes to compete, and implement strategies to enhance performance and reduce the chance of injuries.
